School News

The New Chelsea School building is coming along. The hope is to get it enclosed before the heart of winter sets in. There are pictures on the school website of the process and if you are a Face book user check out weekly photos on the New Chelsea School Construction page.

With the change in weather, students should dress accordingly. They will be going outside whenever the conditions permit.

As many of you know, Chelsea School started the year without a technology person. As a result of this, access to Power School grades for grades 5-8 has been affected. We will be interviewing to fill this position this week. Hopefully, access to this program is quickly restored. We know how much it helped parents; teachers and students keep track of assignments last year.

We ask parents that enter the building beyond the office to use the new hand sanitizer unit mounted near the trophy case. We have students with allergies and we hope that this will help create a safe and clean environment for everyone. Thank you.

RSU 12 is asking that all parents take a moment to fill out a survey regarding student enrollment. This can be done on line at home or in paper form. Here is the link for the online survey, <http://www.surveymonkey.com/s/53TLQSY>. We will have computers available during conferences if you would like to take the survey on line but do not have access to a computer. We will also have a paper version available. Thank you for taking time to help the RSU with this valuable data!
